Your physical well-being

Highly subsidized: The cost of your overall benefits is a shared responsibility between you and Oracle. On average, Oracle pays 80% of your health benefit costs.

No waiting period: Oracle US benefits begin on your hire date, which means you and your covered family members may use your benefits on day one.

Competitive plan designs: Oracle benefits are competitive when compared to other high-tech companies. We sustain competitive plan designs by staying current with industry standards and trends, and regularly benchmark with other high-tech companies.

Medical choices: Oracle offers several medical plan options that vary in how you access care, cost, and service area. Most of our medical plans are available nationwide and administered by UnitedHealthcare (UHC). Our Kaiser Permanente HMO options are available in certain geographic regions, including CA, GA, CO, OR, and WA.

High deductible health plan & health savings account (HSA): Oracle offers an IRS-qualified high deductible medical plan that provides employees with medical coverage through UHC and the opportunity to open and contribute to a health savings account (HSA).

Oracle contributes to your HSA: Oracle helps build your HSA balance by contributing to your personal account at the beginning of every year. You are eligible to receive the contribution even if you do not make a personal contribution.

Grand Rounds: Grand Rounds is your personal healthcare assistant. Grand Rounds will guide you to trusted doctors and services, help you get answers about medical conditions, and so much more – at no cost to you.

Rethink: Rethink is a benefit for Oracle employees that gives your family 24/7 access to tools and resources to help you and your care team in understanding, teaching, and better communicating with your child. Rethink specializes in helping care for children with learning, social or behavioral challenges, and developmental

disabilities.

Gender-affirming benefits: Oracle medical plans provide coverage for comprehensive gender-affirming services, including hormone therapy, surgery, and behavioral therapy.

Dental plans: Oracle offers two dental plans that cover preventive, basic, and major services. Dental Plan 1 is also fully subsidized for employees and eligible dependents which means the amount deducted from each paycheck is zero. Our Dental Plan 2 reimburses major services at a higher level and includes orthodontia for adults and children. Dental Plan 2 requires employees to share in the cost via payroll deductions.

Vision plans: Oracle offers two vision plans that cover comprehensive eye care, annual exams and frames or contact lenses. Vision Plan 1 is no cost for employees and low cost for dependents. Vision Plan 2 provides a higher reimbursement for frames and lenses and allows for two pairs a year. Vision Plan 2 requires employees to share in the cost via payroll deductions.

Your financial well-being

Flexible spending accounts (FSA): Oracle offers Health Care and Dependent Care flexible spending accounts (FSA) which allow you to use pre-tax dollars to pay for certain eligible health and dependent care expenses as defined by the IRS.

Pre-tax commuter benefits: Through the convenience of pre-tax payroll deductions—commuter benefits offer tax savings by reducing your Federal taxable income and allow you to pay for eligible transit and parking expenses on a pre-tax basis—up to certain IRS limits.

401(k) Plan: You may contribute a percentage of your eligible income to the plan on a pre-tax, after-tax, or after-tax Roth 401(k) basis—up to the annual IRS contribution maximum. Employees age 50 or older may contribute an additional amount and further increase retirement savings. Oracle matches employee contributions at a rate of 50% of the first 6% in contributions, subject to a calendar year maximum. Matching contributions are fully vested after four years.
